Civil & Environmental Engineering

Application for Undergraduate Student to Enroll in Graduate Course

Current Curriculum:

As part of your required 15 units of technical electives, as many as 6 units could be from the CEE graduate curriculum.

Under the 2018 CE Curriculum:

As part of your required 9 units of "extensions" (CE electives) as many as 3 units could be from the CEE graduate curriculum.

Once your eligibility is established, enrollment in a graduate courses will be allowed on a space available basis (priority must be given to graduate students). During the 1st week of the semester, you should attend the class and discuss with the instructor the likelihood of there being space available. During the 2nd week of class, if space is available, the Department scheduler (Julia Konopasek) will email you a permission code so that you may enroll.
