

Civil & Environmental Engineering

Application for Undergraduate Student to Enroll in Graduate Course

"Old" Curriculum:

As part of your required 15 units of technical electives, as many as 6 units (2 CEE graduate classes) may be from the CEE graduate curriculum.

Under the "Revised" CE Curriculum 2018 & later:

As part of your required 9 units of "extensions" (CE electives) as many as 3 units (1 CEE graduate class) may be from the CEE graduate curriculum.

You must have a GPA of 3.0 or higher in upper division technical courses to take a graduate level class in CEE. Discuss with the instructor your preparedness to take the class. During the 1st week of the semester, you should attend the class. Once your eligibility is established, enrollment in a graduate course will be allowed on a space available basis (priority must be given to graduate students. During the 2nd week of class, if space is available, the Department scheduler (Julia Konopasek) will email you a permission code so that you may enroll.
