Shaofan Li, Ph.D.

Professor of Applied and Computational Mechanics
783 Davis Hall, Department of Civil and Environmental Engineering
University of California, Berkeley, CA 94720-1710
Tel: 510-642-5362 (o)
E-mail: shaofan@berkeley.edu
URL: http://www.ce.berkeley.edu/~ shaofan

Education

Ph.D. in Mechanical Engineering (06/1997)
Northwestern University, Evanston, IL

M.S. in Aerospace Engineering (05/1993)
University of Florida, Gainesville, FL

M.S. in Computational Mechanics (06/1989)
Huazhong University of Science and Technology, Wuhan, China

B.S. in Mechanical Engineering (06/1982)
East China University of Science and Technology, Shanghai, China

Current Research Interests

2D material-based composites and high performance cementitious materials, 3D printing of amorphous and polymeric materials; Atomistic and multiscale simulations; Computational nonlocal fluid and solid mechanics; Dislocation pattern dynamics and multiscale defect mechanics; Engineering applications of artificial intelligence and machine learning methods; Micromechanics and nanomechanics of matertials; Data-driven computational modeling, simulation and design, and Soft matter mechanics and physics.

Professional Experience

07/2010-present **University of California** Berkeley, CA
Full Professor

07/2005 - 06/2010 **University of California** Berkeley, CA
Associate Professor

07/2000 - 07/2005 **University of California** Berkeley, CA
Assistant Professor

06/1997 - 06/2000 **Northwestern University** Evanston, IL
Post Doctoral Fellow

09/1982-09/1986 **Wuhan Material Protection Research Institute** Wuhan, China
Assistant Engineer

Honors and Awards

- Member of EU ACADEMY OF SCIENCES [2025];
- Fellow of Asia-Pacific Artificial Intelligence Association (AAIA)[2024];
- Distinguished Fellow of IETI (International Engineering and Technology Institute) [2022];
- IACM (International Association of Computational Mechanics) Fellows Award [2017];
- The Best Paper Award in the 22th Conference of Japanese Society for Computational Engineering and Science [2017];
- Distinguished Fellow of ICCES (International Conference of Computing for Engineering and Sciences) [2014];

- The ICACM Computational Mechanics Award
(International Chinese Association of Computational Mechanics) [2013];
- The USACM Fellows Award
(The United States Association of Computational Mechanics) [2013];
- A. Richard Newton Research Breakthrough Award [2008];
- National Science Foundation CAREER Award [2003];
- Atanasoff Best Paper Award [1999] in *The Fifth NASA National Symposium on Large-Scale Analysis, Design, and Intelligent Synthesis Environments*
- Graham-Cabell Fellowship [1996];
- Walter P. Murphy Graduate Fellowship [1995];
- Sigma Gamma Tau Aerospace Engineering Honor Society [1993]

Professional Society

A member of the following professional organizations:

- Member of Sigma Xi: The Scientific Research Honor Society [2021-];
- Ordinary Member of General Council of International Association for Computational Mechanics (IACM) [Since 2017-];
- Member of the USACM Executive Council [Since 2016];
- American Nano Society [Since 2011];
- Member of ASCE EMI Biomechanics Committee [Since 2007];
- MRS Material Research Society [Since 2010];
- ASCE Engineering Mechanics Institute [Since 2008];
- American Society of Civil Engineers [Since 2008];
- American Society of Mechanical Engineers [Since 2004];
- United States Association of Computational Mechanics (USACM) [Since 1995]

Editorial Board

- Editor-in-Chief,, *CMES: Computer Modeling in Engineering & Sciences* (2018-)
- Editor-in-Chief, *Journal of Micromechanics and Molecular Physics* (2016-),
- Subject Editor, *Engineering Failure Analysis* (2024-),
- Editor, *Acta Mechanica* (2021-);
- Associate Editor, *Scientific Reports* (2023-).

Synergistic Activities

- Expert Reviewer for European Research Council (ERC) [2007-2012];
- National Science Foundation Review Panel [2006][2008][2010][2011][2012][2013][2014][2016][2023];
- Member of the Research Impact Fund Committee of the Research Grants Council (RGC) of Hong Kong (2016-Present);
- Swiss National Science Foundation Review Panel [2024]

Graduate Advising

- Dr. Daniel C. Simkins, Jr., graduated in May 2004, and is now an Associate Professor at the University of South Florida, Tampa, FL, USA;
- Dr. Albert C. To, graduated in November 2005, and is now a Chair Professor at the University of Pittsburgh, Pittsburgh, PA, USA, (co-advisor: Professor S. D. Glaser);
- Dr. Xiaohu Liu, graduated in August 2006, and is now an finite element analyst at National Transportation Safety Board, Washington, D.C.;
- Dr. Roger A. Sauer, graduated in December, 2006, and is now a professor and group leader in RWTH Aachen University, Aachen, Germany;
- Mr. Jinshu Zhang, graduate in May 2012 with a degree of MS in Applied Science and Technology;
- Dr. Hiroyuki Minaki, graduated in May 2013, and is now a senior engineer at the Bridgestone Tires Company, Japan (co-advisor: Professor T. Zohdi);.
- Dr. Houfu Fan, graduated in May 2014, and is now a senior engineer at Software Development Engineer-Distributed Systems, Pleasanton, California.
- Dr. Qi Tong, graduated in May 2016, and is now an associate professor at Fudan University.
- Dr. Qingsong Tu, graduated in May 2017, and is now an assistant professor at Rochester Institute of Technology (RIT).
- Dr. Dandan Lyu, graduated in May 2018, and is now now a research engineer at LS-DYNA ANSYS, Livermore, California.
- Dr. Tiange (Tina) Li, graduated in May 2019, and now is an assistant engineer in Silicon Valley, California.
- Mr. Wice Ibrahimi, graduated in May 2020, with an MS degree in Civil Engineering.
- Dr. Yuxi Xie, graduated in May 2021, and now a research engineer at LS-DYNA ANSYS, Livermore, California.
- Dr. Chao Wang, graduated in May 2022, and now a research engineer at ANSYS, San Jose, California.
- Dr. Caglar Tamur, graduated in May 2024, is now a postdoctoral fellow in the University of California at San Diego.
- Dr. Chengyao Liang, graduated in May 2024, is now a postdoctoral fellow in Stanford University.
- Ziland Zhang, graduate in December 2024, is now an engineer in Huawei; (co-advisor: Professor Grace Gu).
- Qi Zheng, graduated in December 2024, is now a postdoctoral fellow in Stanford University.

Post Doctoral Researcher Mentoring

- Dr. Ni Sheng (2006-2007), now an Associate Professor at the Macau University of Science and Technology;
- Dr. Jing Qian (2009-2010), now a Senior engineer at CFD Research Corporation at Huntsville, Alabama;
- Dr. Xiaowei Zeng (2008-2011), now an Associate professor at the University of Texas at San Antonio, TX ;
- Dr. Bo Ren (2009-2014), now a senior engineer at LS-DYNA, Livermore, California;
- Dr. Houfu Fan (2014- 2016), now a senior engineer at LS-DYNA, Livermore, California;
- Dr. Maryam Bitaraf (2014-2016), now an assistant professor at the University of Tehran;
- Dr. Shaofei Ren (2017-2019), now an associate professor at Harbin Engineering University, China;
- Dr. Lai Xin (2018-2021), now an associate professor at Wuhan University of Technology, China;
- Dr. Dana Bishara (2021-)
- Dr. Yongzhen Jia (2022-)
- Dr. Fang Xie (2024-)

Publications in Peer Reviewed Archive Journals

Up to the 10th December 2024, based on *Google Scholar*, the total citation numbers on referred publications (monographes and peer-reviewed journal papers) are over 19000 times with an h-index 61.
