

Structural Engineer - 0-7 years of Experience and Engineering Intern

Looking for a career with a rapidly growing, entrepreneurial firm committed to engineering excellence and finding smart solutions to a client's mission and business objectives?

FTF Engineering is a successful, rising structural and civil engineering firm with an upbeat, proactive, staff-oriented culture. Our clients include award-winning architects and respected organizations across California. We specialize in unique and challenging projects including high-end, single family houses and multifamily residential work, commercial and institutional projects, tenant improvements, seismic evaluation and retrofits and construction means-and- methods. Our offices are located in San Francisco and San Luis Obispo.

We are a multigenerational team that is much more culturally and gender-diverse than our peers. We respect one another and enjoy many activities together: cycling events with the A/E/C community, a variety of team-building activities and project tours. Giving back to the greater community — both collectively and individually — is also a priority for FTF, and we support one another and participate in ranging charity efforts.

Our team members are empowered to be leaders in our profession. FTF actively promotes the professional development of our staff by subsidizing licensing exams, memberships to professional organizations, seminars, classes, and other activities that further staff education in the field of structural engineering.

OUR MISSION STATEMENT

FTF creates value by designing safe and enduring structures with integrity.

OPEN POSITIONS

We are looking for Structural Engineers with 0-7 years of experience and Interns in either our San Francisco office or San Luis Obispo office.

FTF Engineering is a dynamic company for talented, forward-thinking engineers who take responsibility and thrive in a creative and collaborative team environment. Successful candidates are motivated to work directly with our clients, find creative solutions that respond to the needs of both the building and its owners, and contribute to advancing our profession.

Additionally, the ideal individual values a progressive culture that supports involvement in both professional activities and independent, outside works that better our greater community. In short, you should help make our company an exemplary place to work, learn and thrive.

Select requirements for this role include:

- Design experience with wood, steel and concrete with a strong analytical background.
- Flexible in assigned tasks, works diligently to make deadlines, able to work independently; enthusiastic about working to take projects to the “next level”
- MS in Civil or Structural Engineering
- 0-7 years of experience
- PE License (preferred) or SE License (a plus)
- Proficient AutoCAD Drafting Skills (REVIT skills highly desirable but not necessary)
- Other Desired Computer Skills: REVIT, RISA-3D, SAP2000, ETABS, RAM Structural, Enercalc, Excel

COMPENSATION

These are fulltime positions. FTF Engineering offers a competitive compensation package including:

- Health, Dental, and Vision Insurance benefits through the company-sponsored plan
- Long Term Disability and Life Insurance
- Participation in the company 401(k) Plan, including employer matching contributions
- Paid company holidays and personal time off (PTO)
- Professional development assistance
- Profit sharing
- Commuter benefits
- Flexible Spending Account (FSA) / Health Savings Account (HSA)

APPLICATIONS

To apply for these positions, submit cover letter and resume to resumes@ftfengineering.com.

Provide references and work samples upon request. No phone calls, please.

OUR MISSION STATEMENT

FTF creates value by designing safe and enduring structures with integrity.
