

Camden is looking for a Grad for our Southern California office position as a Project Engineer.

Camden is a National REIT, We build and keep our properties. Camden is looking for candidates that have a degree in Civil Engineering or Construction Management. Camden offers great salary, bonuses, 401k, paid time off, Holiday pay, and many other perks. Camden is one of the 9 largest REIT's in the nation. Camden is looking for Motivated, Goal oriented individual that will be able to help out on 2 to 3 jobs and or as needed. Camden is a multifamily builder and on top of building new projects we also redevelop our current holdings. So if you're interested in relocating to Southern California, Mission Viejo we have an open office for you!! We are looking to fill the position by mid-January. You can also look us up on the website, Camdenliving.com. This is a long term position with great potential for self-growth within the Company. It would be helpful to know Procore and Primavera P-6 scheduling assistant but not necessary as we do have training which are one of Camden's Perk's.

Thank you

Please send all resumes to:
Greg Golick VP of Construction
