June 29, 2018

Our San Leandro office is currently seeking a full-time Engineer I to join our civil engineering team.

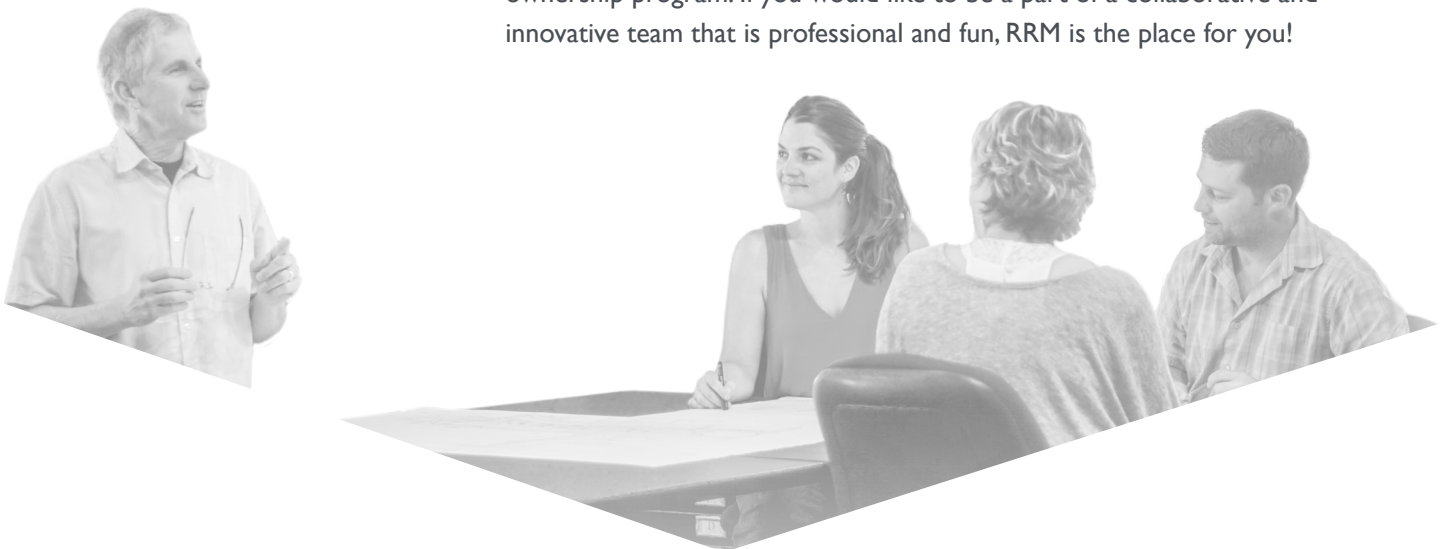

This rewarding job involves:

- Assisting in the preparation of civil engineering plans in Civil 3D and AutoCAD.
- Producing accurate CAD work plans for grading, street improvements, water, sewer and storm drain systems.
- Working in a multi-discipline and collaborative environment.
- Working on both public and private projects throughout the state of California.

The requirements for this position include:

- A Bachelor's Degree in Civil Engineering
- E.I.T. Certification
- Experience in hydrology a plus
- Experience in Civil 3D

RRM has a vested interest in providing opportunities and career paths for our employees. We offer a competitive compensation and benefits package, including medical, dental, vision, 401(k) and an employee stock ownership program. If you would like to be a part of a collaborative and innovative team that is professional and fun, RRM is the place for you!
